

**Art is for everyone.
So is the Gallery.**

Welcome to the Govett-Brewster Art Gallery | Len Lye Centre, where everyone is encouraged to explore, discover and experience art.

We offer a wide range of inclusive services, facilities and programmes available for all communities. Please talk with the team at the front desk if you have questions, concerns or require support.

We are committed to being an accessible gallery and are constantly working to remove barriers so everyone can experience our exhibitions, feel supported viewing the art, and are comfortable and safe in the building. We value feedback and welcome suggestions that would help you to enjoy your visit.
